

Project VOTE!

Get to Know Each Other

Instructions: Use these questions to interview your partner and get to know each other.

Ask your partner:

What is your name? _____

Where are you from? _____

What is the reason you came to this training? _____

What would you be doing if you were not working today? _____

What are the most important questions you have about voting? _____

Soon you will share your partner's answers with the whole group. So we can get to know each other. We will write the voting questions on the flip chart to make sure we answer your questions during the training. Thank you!
